### **Section I. Introduction**

The City of Cambridge acting through its Community Development Department is seeking proposals for architectural consultant services for its Façade/Signage & Lighting Improvement Program. The goal of the program is to help generate economic revitalization by offering technical and financial assistance to Cambridge property and business owners to improve the appearance of their commercial storefronts through renovation and restoration. These improvements help attract and retain a stronger customer base.

### **Project Back Ground , History and Description** **Façade Improvement Program:**

In 1995, the City's Community Development Department, working with the Cambridge Historical Commission and the Commission for Persons with Disabilities, launched the Façade Improvement Program.

The Façade/Signage & Lighting Improvement Program provides matching grants from \$2,500 to \$15,000 for the funding of well-designed improvements that will coordinate all the important features of a storefront into a more attractive image. This may include the restoration of architectural details, enhanced windows and doors, accessible entrances, well-proportioned signage and lighting, and outdoor retail or dining spaces that improve the streetscape in commercial districts.

The consultant is retained by the City to provide technical assistance to applicants through the conceptual design stage at no cost to the applicant, including individual onsite consultations and completion of a conceptual design, satisfactory to the City and the applicant.

### **Section II. Scope of Services**

#### **A. Vendors and Project teams**

The City shall enter into a contract with one Consultant, which may be a person, a corporation, a partnership, or a joint venture. The contract will be managed by the Community Development Department (CDD). Submitted bids must demonstrate that each Consultant and any members of its project team have the specific experience outlined in this request. The Consultant must designate a team leader. The Consultant and any team members must be Equal Opportunity Employers.

#### **B. Scope of Services and Deliverables**

The Consultant shall assist the City under the direction of the Community Development Department with implementation of the Façade/Signage & Lighting Improvement Programs. This will include but is not be limited to: providing conceptual façade designs and conceptual signage and lighting designs, performing project design reviews, meetings with applicants and/or construction reviews, and other "as needed" services to supplement the services provided by the staff of the Community Development Department

The contract is expected to begin October 1, 2012 or soon thereafter. The individual or firm will undertake such activities on an as-needed basis for a period of up to three years.

**Basic Schematic Design Assistance Process:**

The façade and signage & lighting program applicants will receive design services based on the following procedure:

1. Applicant meets with City staff for initial project discussion.
2. Applicant files an application with CDD.
3. Applicant meets with City staff and Consultant, on site, to further discuss program and design alternatives along with an examination of existing building conditions.
4. Consultant prepares and submits a schematic design to applicant and CDD for review within two weeks from the site visit, unless a mutually agreed date is determined. Typical projects will require a rendered perspective or elevation illustrating the proposed building façade and/or signage & lighting improvements, written scope of work and specifications with listing of colors and materials. Complex projects may require schematic designs with more detailed sketch plan, elevation, wall section, and architectural details.
5. Consultant prepares and submits to the applicant and CDD a simple cost projection for the proposed improvements organized by work categories and, if necessary, project phasing and options. This simple cost projection must accompany the proposed schematic design.
6. Consultant will provide one (1) color copy of the final presentation drawings to the applicant, one (1) color copy of final presentation drawings to CDD and one (1) electronic file of all final presentation drawings to CDD and one (1) electronic file of all final presentation drawings and base plans/photographs on a CD-R disk. Additional copies will be considered Reimbursable Expenses. Design drawing submittals will be on 11" x 17" paper with the Consultant's title block and the City of Cambridge information block. Different formats may be substituted upon approval by CDD. The program format of all electronic files will be determined for each project.
7. All project designs, base plans and photographs submitted to CDD become the property of the City of Cambridge and may be utilized in future promotional materials or workshops sponsored by the City.
8. Upon approval of final designs by Review Committee, CDD will contact applicant to solicit for 3 bids.
9. Applicant must submit three itemized bids from contractors for the improvements.
10. Consultant will review all the bids to determine if submissions reflect the proposed improvements discussed and in the final drawings.
11. Applicant signs a contract with the City of Cambridge.
12. For signage and lighting projects, a construction coordination meeting is scheduled with the Applicant, Consultant and project Contractor(s) prior to construction.
13. Contractor constructs façade improvements as specified in the final design. Any changes in design must have prior approval of CDD.
14. Consultant certifies that the improvements comply with the final design approved by CDD.

Respondents should review the program guidelines ("Façade Improvement Program Guidelines" and "Signage & Lighting Improvement Program Guidelines,") for additional insights into the requested services. The CDD reserves the right to make adjustments to these guidelines. Copies of the program guidelines may be requested by calling Chris Basler in the Community Development Department's Economic Development Division at (617) 349-4601 or visit the program's website at: <http://www.cambridgema.gov/CDD/econdev/smallbusiness/facadesignagelighting.aspx> for an electronic PDF version.

### City of Cambridge CORI Policy

1. Where Criminal Offender Record Information (CORI) checks are part of a general background check for employment or volunteer work, the following practices and procedures will generally be followed.
2. CORI checks will only be conducted as authorized by Criminal History Systems Board (CHSB). All applicants will be notified that a CORI check will be conducted. If requested, the applicant will be provided with a copy of the CORI policy.
3. An informed review of a criminal record requires adequate training. Accordingly, all personnel authorized to review CORI in the decision-making process will be thoroughly familiar with the educational materials made available by the CHSB.
4. Prior to initiating a CORI check, the City will review the qualifications of the applicant to determine if the applicant is otherwise qualified for the relevant position. The City will not conduct a CORI check on an applicant that is not otherwise qualified for the relevant position.
5. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determination of suitability based on CORI checks will be made consistent with this policy and any applicable law or regulations.
6. If a criminal record is received from CHSB, the authorized individual will closely compare the record provided by CHSB with the information on the CORI request form and any other identifying information provided by the applicant, to ensure the record relates to the applicant.
7. If, in receiving a CORI report, the City receives information it is not authorized to receive (e.g. cases with dispositions such as not guilty or dismissal, in circumstances where the City is only authorized to receive convictions or case-pending information), the City will inform the applicant and provide the applicant with a copy of the report and a copy of CHSB's *Information Concerning the Process in Correcting a Criminal Record* so that the applicant may pursue correction with the CHSB.
8. If the City of Cambridge is planning to make an adverse decision based on the results of the CORI check, the applicant will be notified immediately. The applicant shall be provided with a copy of the criminal record and the City's CORI policy, advised of the part(s) of the record that make the individual unsuitable for the position and given an opportunity to dispute the accuracy and relevance of the CORI record.
9. Applicants challenging the accuracy of the criminal record shall be provided a copy of CHSB's *Information Concerning the Process in Correcting a Criminal Record*. If the CORI record provided does not exactly match the identification information provided by the applicant, the City of Cambridge will make a determination based on a comparison of the CORI record and documents provided by the applicant. The City of Cambridge may contact CHSB and request a detailed search consistent with CHSB policy.
10. If the City of Cambridge reasonably believes the record belongs to the applicant and is accurate, then the determination of suitability for the position will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to the following:
  - (a) Relevance of the crime to the position sought;
  - (b) The nature of the work to be performed;
  - (c) Time since the conviction;
  - (d) Age of the candidate at the time of offense;

- (e) Seriousness and specific circumstances of the offense;
